KFIStudios.com

Shown with Umber wood stain and Cool Grey PET shell

Shown with Latte wood stain and Almond PET shell

VOODOO Designed by Q Design

Mixing materials and design elements into a cohesive aesthetic

Inspired by the timber loft aesthetic, Voodoo mixes the warmth of wood with touches of metal that beautifully blend together - mixing warm with cool/soft with hard. The tapered wood legs with the metal footrest, and the organically curved, yet rigidly formed felt shell with a soft upholstered cushion, lends itself to be used in both open plan settings or meeting/huddle room applications.

VOODOO Molded PET Shell:

Wood Stain Legs

Features:

- Molded PET shell
- Upholstered seat pad
- Tapered solid wood legs
- Welded H metal foot rail
