## VAUX | DESIGNED BY UNION DESIGN

The Vaux table is a new interpretation of a classic star-shaped steel table base. Using advanced steel forming technology to sculpt the legs, Vaux elevates the look and feel of the traditional steel base to one that is softer, cleaner, and more relevant to today's spaces. With its simple forms and popular color options, Vaux will fit into many office, café, and collaborative spaces.

## FEATURES

- Durable steel construction
- Occasional, café, counter, and bar heights
- Round, square, squircle, and rectangle tops in various sizes
