

KFi STUDIOS

LOCI | DESIGNED BY UNION DESIGN

Crafted from locally grown red oak, Loci is a collection of communal and collaborative tables that blend sustainability and versatility. With a commitment to minimizing carbon footprint, Loci's wood is responsibly sourced within 200 miles of our factory, ensuring environmental consciousness from forest to furniture. The simplicity of Loci's design accentuates the beautiful material and precise craftsmanship, making it an ideal choice for a variety of spaces including libraries, dining areas, and workspaces. With three height options plus three distinct leg configurations, Loci is adaptable to use as a single table or by connecting multiple together to form expansive table runs.
